# RAVES

“COLONTOWN and COLONTOWN University are amazing resources for CRC patients, caregivers, and clinicians. I’m honored to support this dynamic patient-powered community.”

**Dr. Scott Kopetz**, MD PhD, Deputy Chair, GI Medical Oncology,  
Del and Dennis McCarthy Distinguished Professor, MD Anderson Cancer Center

“COLONTOWN and COLONTOWN University offer CRC patients and caregivers educational resources ranging from basics of CRC to advanced knowledge of trials and precision medicine, allowing patients to make more informed treatment decisions.”

**Dr. John L. Marshall**, Chief, Division of Hematology/Oncology,  
Medstar Georgetown University Hospital, Professor of Medicine and Oncology,  
Lombardi Comprehensive Cancer Center, Georgetown University,  
Director, Otto J. Ruesch Center for the Cure of Gastrointestinal Cancer

“Empowering CRC patients through education and the shared, lived experiences of thousands of others is a powerful way to advance and improve cancer care, while supporting others in their cancer journey.”

**Dr. Nina Sanford**, Chief of Gastrointestinal Radiation Oncology Service,  
Harold C. Simmons Comprehensive Cancer Center, UT Southwestern Medical Center
